**Our World  
Our Future**

April 11-14, 2012  
Minneapolis, Minnesota

## Our World, Our Future connects leaders who make a difference.

*"This conference is extremely beneficial to youth striving for an outlet to express their passion of serving because they are surrounded by people with the same interests. This is a great setting to make important networking connections."*

MOLLY MESSNER  
Student, Harry D. Jacobs High School, Algonquin, Illinois

## Our World, Our Future engages leadership at all levels.

*"The strong presence of youth is as significant as the workshops. Seeing youth leadership modeled on such a large scale and meeting such phenomenal students serves as an important reminder of the power of each student and their incredible abilities, regardless of their age"*

SARAH KADDEN  
Educator, Shelburne Farms Sustainable Schools Project, Shelburne, Vermont

Throughout history, young people have been at the forefront, generating change in their communities and around the world. The 2012 National Service-learning Conference® and youthrive PeaceJam Leadership Conference is an opportunity to share how youth passion, creativity and innovation can address world issues. This event is where you will learn how to enlist young people in meaningful and genuine leadership roles to work in partnership with adults through service-learning.

**If you are a young person, or a person who works with young people, this is a conference experience you won't want to miss!**
